RE: RFP2018/23-7 Food, Catering and Vending Service

The following information is added to the proposal documents for the aforementioned subject.

The College has decided to withdraw Optional Beverage Pouring Rights within the FOOD, CATERING AND VENDING SERVICE RFP2018/23-7. All vendors must use the College's beverage supplier (Coca-Cola) for all beverage operations. Participants' proposals should not include exclusive pouring rights and cold beverage vending from January 1, 2019 until June 30, 2023 in their proposal. Vendors are required to provide commission rates payable to the College based on percentage of total gross sales of beverages through the cafeteria's direct credit/cash register system.

The selected food service vendor will be responsible to directly manage and provide promotional offerings, donations and commissions on sales of the entire snack vending line including vending services and relevant equipment.
