

Technical Studies, Associate in Applied Science Career /Internship Information

Career Options and Potential Earnings, based on an Associate degree:

The A.A.S. degree in Technical Studies will provide a means for students to acquire credits based on technical training within their employing organization. Upon graduating, students will have increased opportunities for professional and personal advancement either within their current organization, or with another. Position types and salary vary depending on experience, industry, and qualifications.

Schedule a consultation with Career Services for a personalized career path plan and professional development opportunities.

Supplementing with appropriate certifications may result in salary increases.

Internship Options:

- Search for internships in your chosen field here: www.internships.com/ or www.wayup.com
- Check out our social media pages for the most recent job & internship postings: @UnionCSC (Facebook, Instagram, and Twitter)
