EDUCATION

NPTNJ ALTERNATE ROUTE TEACHER PREPARATION

Introduction to Teaching: 50-Hour Pre-Service Component for the New Pathways to Teaching in New Jersey, Alternate Route Program

The New Jersey New Pathways to Teaching program is an alternate route to teacher certification program. The program allows students with four year college degrees who meet the program criteria to become a certified New Jersey teacher even though they did not complete a traditional undergraduate teacher preparation program.

Effective September 1, 2017, the New Jersey Department of Education has significantly changed the educational requirements for teacher education programs.

Under the new program, all New Pathways students must take a 50-hour Introduction to Teaching class prior to obtaining a teaching position. This class includes 30 hours of instruction in classroom management, assessment tools, lesson plans, learning strategies, technology and diversity in the classroom, as well as job search strategies for teachers. The student must observe a classroom for an additional 8 hours. Twelve hours of clinical experience in which the student teaches or tutors, or is involved in other hands-on instruction work, is also required.

REAL ESTATE

Principles of Real Estate

Consider the real estate market as a means to change careers or seek additional income. If you are new to this field, you must meet the requirements for the state examination and you must work as a sales associate within one year of completing the course and passing the exam. Topics include property interest, mortgages, deeds, title closing, liens real estate law and ethics, agency relationships and real estate calculations. This 75-hour course meets the Real Estate Commission requirements for the N.J. sales/licensing examination. Once you pass the state exam, you must maintain an active license at a real estate office within a one-year period or you will have to repeat the course and test (there are no exceptions). Textbook included in course fee. (75 hrs)

Note: Students must pass the final exam with a grade of 70% or better to receive a certificate of completion. Students will be permitted to re-take the final examination two times for a fee of $50 each attempt and must register the re-test. It may or may not be the same exam (make-up date will be announced). Failure to pass the exam after the second time will require the student to retake the course.

NUTRITION SPECIALIST CERTIFICATION

This nutrition certification course will enable you to implement successful strategies for effective nutritional guidance. It will cover the essentials of nutrition and explore the dynamics of the dietary supplement industry. Case studies and methods for practical application and coaching techniques will be discussed. You will have the documents necessary to implement nutrition programs for individuals, groups, and children. The curriculum meets the training program standard for the American Academy of Sports Dietitians and Nutritionists’ (AASDN) Nutrition Specialist credential. On-line Certification exam available on the last day of class. For additional information regarding course content and certification, call Greg Mahadeen at 732-695-1649. **APP DEVELOPMENT**

**New! Intro to App Development with Swift**

Swift is the powerful and intuitive programming language created by Apple for building apps. It makes programming easier, more flexible, and more fun. Swift is not only great for getting you started with coding, it’s also super powerful. It’s designed to scale from writing the simplest program to the world’s most advanced software.

This introductory 90-hour course is designed to help students build a solid foundation in programming fundamentals using Swift as the language. You will get practical experience with the tools, techniques, and concepts needed to build a basic iOS app. App Design lessons will take you through the process of designing an app, including brainstorming, planning, prototyping, and evaluating an app of their own. Even though you might not yet have the skills to build the app, the work you put into the prototype will set you up for future development. (90 hrs)

AECO 038 196 Cranford
T, Th, 10/1-1/23/20, 6:30-9:30 pm, $1,080
(no class 11/28, 12/24, 12/26, & 12/31)

**App Development with Swift: Part 1 & 2**

These two 90-hour courses feature many content specific lessons, each designed to teach a specific skill related to either Swift or app development. Each type of lesson takes a different approach: Swift lessons will focus on specific concepts. The labs for each are presented in playgrounds so that you can experiment with code and see the results immediately. Playground files are provided. App development lessons focus on building specific features for iOS apps. These lessons typically take students step by step through a mini-project. The labs help you apply what you learned to a new scenario.

**App Development with Swift: Part 1**

AECO 838 194 $1,080
Will be offered Spring 2020

**App Development with Swift: Part 2**

AECO C38 194 $1,080
Will be offered Spring 2020

Students who complete all three courses and certification exam will earn the App Development with Swift Level 1 Certification.

CYBERFORENSICS

Classes run September – December 2019

Introduction to Cyberforensics
Interested to learn the basics of cyberforensics? Looking to get a better job? Advance at your current job? Enroll in our Introduction to Cyberforensics non-credit certificate program this fall.

Cyberforensics requires the collection, preservation and analysis of digital evidence for presentation in criminal or civil court. This introduction to Cyberforensics program provides students with knowledge of the Linux operating system and its applicability to digital forensics, an overview of the fundamental principles of forensic science, the technical and legal aspects of digital forensics, and an introduction to cybersecurity. Begin preparation to become a cyberforensics technician or advance your current career path.

To earn a certificate of completion the following three courses must be completed satisfactorily. Students need to enroll in Linux Fundamentals (AECO 039 Sec 275) as their first course. Principles of Cybersecurity will also be offered in the Spring 2020 semester.

AECO 039 Sec 275 Linux Fundamentals
AECO 040 Sec 287 Digital Forensics Essentials
AECO 054 Sec 275 Principles of Cybersecurity

Books can be purchased from the College bookstore.

Linux Fundamentals
This course provides an introduction to the Linux operating system and its applicability to digital forensics. Topics include Linux scripting, installation, configuration, boot loaders, mounting drives and images, process control, user and group administration, file system administration and management, as well as setting up a secure Linux login environment. 3 lecture hours per week. (45 hrs)
AECO 039 Sec 275 Elizabeth M, W, 7:10–8:30 pm, $649

Digital Forensics Essentials
This hands-on course introduces the fundamental principles of forensic science generally, and the technical and legal aspects of digital forensics specifically, including forensic procedures, imaging, hashing, file recovery, file system basics, mismatched file types, reporting, and the laws governing digital evidence. Students will use both open-source and court-approved (AccessData) forensic software tools to conduct digital forensic examinations. 4 lecture hours per week. (60 hrs)
AECO 040 Sec 287 Elizabeth T, Th, 5:05–7:00 pm, $879

Principles of Cybersecurity
This course introduces the student to the field of cybersecurity. It presents a comprehensive survey of the breadth of cybersecurity. This includes local host, network, web, and databases that are prone to attack. The student will focus on the identification of security threats and countermeasures that can be taken to make these systems more secure. Students will also learn about the legal, compliance, ethical and professional issues in cybersecurity. (45 hrs)
AECO 054 Sec 275 Elizabeth M, W, 4:10–5:30 pm, $649

SOCIAL MEDIA MARKETING

Social Media Marketing for Business
Social media applications like Facebook, Twitter and YouTube can help you get your business message out to the masses. In this course, we will look at six social media solutions: Facebook, Twitter, YouTube, blogging, Flickr and LinkedIn. We will explore examples where individuals, non-profits and businesses successfully used these tools to make new connections with fans and customers. We will also develop a plan for your business to incorporate targeted social media solutions and how to measure the impact these tools will make over time. (6 hrs)
AEEN 041 Sec 160 Cranford S, 10/26-1/2, 12-3 pm, $129

GED TEST PREPARATION

GED Preparation
Boost your skills and develop a reliable study program for the four areas required to obtain your GED: Reasoning through Language Arts; Mathematical Reasoning; Science; and Social Studies. You should be prepared to do work at home as well as in class. Learn strategies to maximize your chances for success. (48 hrs)

For your convenience, all books and required materials are available at the college bookstore (908) 965-6068.
AETP 124 Sec 277 Elizabeth M, W, 10/21-1/29/20, 7-9 pm, $329 (no class 11/27, 12/23, 12/25, 12/30, 1/1/20)

HEALTHCARE CAREERS

Basic Certifications Package

This 16-hour course is highly recommended for healthcare professionals. The class will provide the allied health student with instruction and certification in the following areas: (16 hrs)

**BLS CPR (4 hrs)—**American Heart Association certification. Learn to recognize life-threatening situations. Adult and pediatric CPR, two-rescuer CPR, airway obstruction and AED instruction will be covered.

**First Aid (8 hrs)—**Learn standard level first aid providing you with the knowledge and skills required to provide care in an emergency situation. American Heart Association (AHA) certification.

**Bloodborne Pathogens (4 hrs)—**Learn safeguards and management procedures to protect yourself against hazards caused by exposure to blood, human tissue and infectious materials. American Safety and Health Institute (ASHI) certification.

Union County College offers American Heart Association’s courses for health care providers and/or anyone in the community looking to learn this life saving skill. Upon successful course completion of the Heart Saver or BLS Health Care provider course, participants will receive certification that is valid for two years.

The American Heart Association (AHA) strongly promotes knowledge and proficiency in BLS, ACLS, and PALS and has developed instructional material for this purpose. Use of these materials in an educational course does not represent course sponsorship by the American Heart Association. Any fees charged for such a course, except for a portion of fees needed for AHA course material, do not represent income to the association.

Heart Saver CPR/AED Course (AHA)

This program combines discussion, video, and hands-on training for healthcare professionals who need to know how to perform CPR, as well as other lifesaving skills, in a wide variety of in-hospital and out-of-hospital settings.

This course covers how to respond to breathing and cardiac emergencies in adult, children, and infants until more advanced medical personnel take over. Topics include: Primary assessment, ventilations, (Including use of CPR breathing barriers and use of BVMs, choking (Including conscious and unconscious), CPR (one and two rescuers), and AED. Certificate available upon completion. (4 hrs)

**Bloodborne Pathogens—Classroom (AHA)**

This class is designed for non-healthcare providers and is intended for lay-rescuers, teachers, corporate personnel, or anyone else who wants to learn important CPR and use of an AED. Heartsaver® CPR/AED is a classroom, video-based, instructor-led course that teaches adult CPR and AED use, as well as how to relieve choking in an adult. This course teaches skills with AHATs research-proven Practice-While-Watching (PWW) technique, which allows instructors to observe the students, provide feedback and guide the students learning of skills. Certificate available upon completion. (4 hrs)

Earn the Must-Have Credential in Facility Management

IFMA’s Facility Management Professional (FMP®) Credential

This program is the only tool you need to gain a solid understanding of the facility management profession and develop the knowledge and practical skills demanded by employers. This 60-hour professional development program is presented as four courses in a convenient, structured format.

THE IFMA FMP CREDENTIAL PROGRAM teaches the knowledge and skills demanded by today’s facility management employers, as defined by the IFMA global job task analysis. Learn from experienced instructors in a structured learning environment with opportunities to build your peer network and increase your professional standing.

The IFMA FMP Credential Program materials include online FMP final assessments.

Course 1: Operations and Maintenance
Course 2: Project Management
Course 3: Finance and Business
Course 4: Leadership and Strategy

Instructor: Dennis Kowal, AIA, LEED AP, FMP®, SFP

If you are an early to mid-career facility management practitioner, transitioning into the profession, or a supplier to the industry, by enrolling in Union County College’s IFMA FMP Credential Program®, you will improve your knowledge, enhance your skills, gain immediate credibility with employers, clients, and peers, and have access to everything you need to earn the FMP credential.

The four courses are presented in a convenient, adult-friendly format and all course materials and final assessment exams are included in the tuition cost. With the help of our expert instructors and the comprehensive print materials, you will explore the topics deemed critical by employers and practitioners worldwide.

Course Materials
The IFMA FMP Credential Program curriculum was developed by a team of global industry experts to teach the knowledge and skills demanded by today’s facility management employers, as defined by the IFMA global job task analysis. These materials include:
- Printed and e-version course materials
- Interactive online study tools
- Online FMP final assessments

Program Requirements
There are no prerequisites to enroll in this program.

By enrolling in this course, you’ll benefit from:
- Experienced instructors who present the IFMA FMP Credential Program materials in an easy-to-understand format.
- A structured learning environment to keep you on schedule.
- Opportunity to build your peer network.

Course fees often qualify for tuition reimbursement.
Up to 7.8 IFMA-issued continuing education units (CEUs) and 60 general CE hours for LEED credential maintenance for successful completion of the four courses.

Note: No additional FMP final exam is required. After passing the three FMP final assessments with a score of 75% or higher, the FMP application (with fee) must be submitted to IFMA.

FMP Credential Requirements
The IFMA FMP Credential Program materials include online FMP final assessments. To earn the FMP credential, you must pass each of the four FMP final assessments with a score of 75% or higher. Once completed, you must submit an FMP application and pay an application fee (information at www.ifma.org) to IFMA to validate your credential.

Note: Please register AT LEAST one week before the start date so that materials are received in time for the first class.

TRANSPORTATION, LOGISTICS AND DISTRIBUTION

Ideally situated near the ports of Newark and Elizabeth, Union County College offers specific training developed in partnership with the Transportation, Logistics and Distribution (TLD) industry. One in every ten jobs in New Jersey is in the TLD sector. Our programs aim to qualify our students for these jobs.

On-campus programs are held in the evening and require study time in addition to classroom work. Online materials to reinforce classroom contents, certification exam costs and student manuals are included in the cost of each course.

CIFFA CERTIFIED FREIGHT FORWARDER PROGRAM

Coming Soon!

CIFFA is the Canadian International Freight Forwarders Association. This certification program was developed by them to teach the skills needed for entry and mid-level forwarding positions. Union County College is their first education partner in the United States. The program is the first step in a progression toward a FIATA Diploma, an internationally recognized credential in freight forwarding.

Freight Forwarders facilitate the movement of goods around the world. This program provides a comprehensive understanding of the industry through two courses: International Transportation and Trade, and Essentials of Freight Forwarding. This program is designed to meet the education needs of two main groups: individuals new to the international transportation, trade, logistics and supply chain industries who need to acquire the skills and knowledge to make them more employable and individuals who currently work in these industries and wish to upgrade their skills and knowledge for possible career advancement.

International Transportation and Trade

Introduces the student to truck, rail, air and ocean transportation and the geography over which goods move.

Essentials of Freight Forwarding

Students learn how buyers and sellers manage risk with a variety of international payment methods and cargo insurance, the knowledge of commercial documents and their completion, export packaging, cargo security, dangerous goods and alternative transport solutions. Students learn how to professionally cost and quote and offer alternative solutions to clients for the movement of goods.

Fifty (50) hours of classroom instruction, two certification exams, eBooks, online supplemental materials, all led by experts in the industry make up this learning experience. Student should be prepared to devote up to 173 hours to their preparation for the certifying exam.

Certification as an International Freight Forwarder through CIFFA (Canadian International Freight Forwarding Association is the first step toward a FIATA Diploma (International Federation of Freight Forwarders Associations). FIATA represents an industry of approximately 40,000 forwarding and logistics firms employing around 8 to 10 million people in 150 countries.

Supply Chain Management Principles

This course teaches what a supply chain is, its different functions, how a supply chain works and what kind of careers are associated with supply chain management. The principles learned provide the necessary foundation for fully comprehending the additional seven (7) certification tracks. Supply Chain is recommended as a prerequisite to the other certification tracks. The Supply Chain Principles certification also stands alone as a high-level overview of supply chain management.

Successful completion and passing of the exam earn the student a SCPro Fundamentals certification. (40 hrs)

Inventory Management

This course is intended to train students in the basics of inventory management and control so that students can become effective contributors in the inventory related aspects of their roles in supply chain management. Successful completion and passing of the exam earn the student a SCPro Fundamentals certification in Inventory Management from the Council of Supply Chain Management Professionals. (40 hrs)

Fundamentals of Supply Chain Management Program

Total Hours: 180 hours
Program Cost: $4,000
Location: Elizabeth Campus
Program Schedule: Monday – Thursday, 8:30 am – 2:00 pm, October 2019 start.

CSCMP – SUPPLY CHAIN MANAGEMENT PROGRAM

This program leads to certification by the Council of Supply Chain Management Professionals (CSCMP) in any or all eight (8) subjects. Each is a 40-hour course and requires study time outside the classroom for success on the exams. Courses below include the SCPro exam, student manual and online supporting study materials.

Supply Management and Procurement

This course is intended to provide students with an understanding of the strategic sourcing, supplier management, procurement execution processes and legal and regulatory considerations. It is important to understand the basics of strategic procurement processes since procurement has become a global function. Successful completion and passing of the exam earn the student a SCPro Fundamentals certification. (40 hrs)

Cisco Certified Networking Associate (CCNA) Program

Are you looking to get ahead or to find a new job in the fast-growing IT industry as a network administrator, WAN Administrator, engineer, or installer? The Cisco Academy Program at Union County College will prepare you to take the new CCNA 5.0 Certification which is recognized worldwide in the IT networking industry. This coursework will teach you how to design, build and maintain local, national, and global networks. The CCNA curriculum includes four separate modules and provides a complete range of basic through advanced networking concepts. If you complete all four modules, you will be prepared to sit for the CCNA (Cisco Certified Networking Associate) Routing and Switching exam.

Through the CCNA curriculum:
• Develop a working knowledge of routing, switching, network applications, protocols, and services.
• Study with an instructor in the classroom, access expert content online including built-in quizzes and tests.
• Practice what you learn using Cisco Packet Tracer, a network configuration simulation tool.
• Prepare for the workplace with collaborative projects and presentations.

Who should enroll in the Cisco Academy Programs?
Students interested in starting or advancing their career in Information Technology. The curriculum recommends that you have basic knowledge of computers and networking, and at least an eighth grade reading, writing, and math proficiency level as well as the desire to learn. If you do not have basic computer skills it is suggested that you enroll in A+ Essentials class prior to taking the Cisco CCNA program. By completing the Cisco program you can increase your ability to secure employment in the IT field.

Required Courses
Four courses (280 hrs total)
• AECO A74–CCNA 1, Introduction to Networks, 70 hrs, $949
• AECO B74–CCNA 2, Routing and Switching Essentials, 70 hrs, $949
• AECO C74–CCNA 3, Scaling Networks, 70 hrs, $949
• AECO D74–CCNA 4, Connecting Networks, 70 hrs, $949
