As of March 31, 2022, Union County College has distributed Student Emergency Financial Aid Grants to 5937 (unduplicated) students under ARP (a)1 and (a)4.

6. The method(s) used by the institution to determine which students receive Student Emergency Relief CARES Act Grants and how much they would receive under CRRSAA and ARP (a)(1) and (a)(4):

Union County College formed a committee consisting of employees in leadership positions to form a coordinated effort to distribute funds to students who have experienced or are faced with disruptions of their education due to COVID- 19. Processes were developed by the Office of Financial Aid consistent with the Department of Education guidelines to determine which students would receive Emergency Financial Aid Grants which consisted of students who were eligible under the requirements of CRRSAA. The availability of these funds and the application process were communicated to the students via an email that was sent to the entire student body. Additionally, this communication was uploaded to Canvas, our internal Learning Management System, for access by all enrolled students. Notification of funds availability was also placed on individual Canvas dashboards, as well as on the Canvas page of the College social worker. The College's Cares Act webpage outlines the process. Applications are validated and those deemed eligible receive funding. The award is determined based on the student's expressed requested needs from the application, taking into account set amounts per category, and the maximum eligibility amount of \$5,000. The students set amounts per category, and maximum funding was determined in an effort to be fair and equitable. After considering the factors above, additional hardship grants of \$250 were provided to eligible students.
