EXOTHERMIC MOLDING - Production Scheduler. Job Description. Exothermic Molding, one of the pioneers in Reaction Injection Molding (RIM), was founded in 1972 to provide parts to the medical, electronic, and lab instrument market. Since then the company has expanded into many other applications and markets, but remains committed to the RIM Molding process. Exothermic is also expanding capacity within the facility to increase efficiency and handle growth. In addition, the company is introducing a revolutionary new product expected to significantly increase revenues and profitability. The Opportunity: The Production Scheduler manages the Enterprise Resource Planning (ERP) system, reporting to the Manager of Administration and working closely with the Production Manager. This is an outstanding position for someone who enjoys working with systems and analyzing information to solve problems. We offer a competitive salary and a great benefit package, including medical and a 401k retirement savings plan. **Responsibilities:** Maintain, update, and manage the ERP system to provide timely and accurate information for production scheduling, customer service, and performance reporting. Coordinate production scheduling efforts with production team to streamline processes and information across the entire organization. Provide excellent customer service communicating with clients about the status of their

orders and helping to resolve any issues that they may have. **Duties:** Enter purchase orders, order materials, schedule production, and track shipments to ensure on-time delivery. Participate in production meetings to gather the information necessary to prepare production schedules. Communicate with customers and proper departments of any delays or problems, and ensure timely responses and/or corrective actions based on the situation. Analyze actual cost of orders compared with estimates developed during the quoting process to inform future pricing efforts. Develop and create reports to provide key information to management on a timely basis. Provide support for other administrative activities such as marketing, human resources, and accounting as needed. **Qualifications and Skills:** Experience or coursework with ERP or production planning software required, familiarity with E2 a plus. High School diploma, but a college degree is preferred. Experience in production environment is a plus. Ability to work both independently and as part of a team Proficiency in Microsoft office. Capacity to learn new information quickly. Good communication skills (written & verbal) Strong technical/systems ability. Must have an exceptional attention to detail. Ability to explore and analyze information to provide recommendations. Candidates please email your resume to Paul Steck at: paul@exothermic.com
