Apple Macintosh OS

1. Connect to “wifi.ucc.edu” from the list of available connections.

2. Leave the default setting for mode (Automatic) and enter your UCC credentials (This will be the same username and password you use to connect to the computers at UCC) and click Join.

3. Click on Continue to verify the certificate
4. Enter the Mac credentials to add the certificate to your Certificate Trust Settings, click on ‘Update Settings’ and you will be able to connect to “wifi.ucc.edu”
