Access to Student Records

Transcripts and other academic records are maintained by the College Registrar, Cranford Campus. Disciplinary records are maintained in the Office of Student Conduct, Cranford Campus.

Family Educational Rights and Privacy Act of 1974 – FERPA

FERPA was approved by Congress to protect the privacy of students. The Act regulates access to student records and the release of such records. The College has policies and procedures in place, which comply with this legislation. Students are assured access to their educational records and their right of privacy, which is protected by the prohibition against disclosure of such records without their consent.

FERPA ensures:

1) The right to inspect and review the student’s education records within 45 days of the day the College receives a request for access. Students should submit to the Registrar a written request that identifies the record(s) they wish to inspect. The College Registrar will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the College Registrar, the Registrar shall advise the student of the appropriate official to whom the request should be addressed.

2) The right to request the amendment of the student’s education records, which the student believes is inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA. A student who seeks to amend a record should write the Registrar, clearly identify the part of the record the student wants changed, and specify why it should be changed. If the College decides not to amend the record as requested, the Registrar will notify the student of the decision in writing and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3) The right to provide written consent before the College discloses personally identifiable information from the student’s education records, except to the extent that FERPA authorizes disclosure without consent (directory information). FERPA allows the College to disclose education records, without the student’s prior written consent, to school officials who have a legitimate educational interest in such disclosure. A school official is a person employed by the College in an administrative, supervisory, academic research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the College has contracted (such as an attorney, bookstore, outsourced service provider, auditor or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee or assisting another school official in performing his or her tasks.

A School official has a legitimate educational interest if the official needs to review an education record to fulfill his or her professional responsibilities for the College.

Union County College does make limited use of outsourced contractors and consultants for various administrative recordkeeping functions.

Upon request, the College will disclose education records without student consent to officials of another school in which a student seeks or intends to enroll. Note: FERPA requires an institution to make a reasonable attempt to notify the student of the records request unless the institution states in its annual notification that it intends to forward records on request.
An exemption also exists for law enforcement. Student consent or disclosure by the College is not required in the event the US Attorney General or designee serves the College with an ex parte court order directing the College to provide education records relevant to an investigation or prosecution.

www.ucc.edu/go/ferpa

The College may release the following “directory information” of any student unless the student has designated that it should not be released without his/her prior consent:

- Diploma and awards received

Students requesting that their directory information not be released must:

- Submit their request in writing to the Registrar and include the following: Their name, student ID number, current address and current telephone number.
- A statement specifically stating which items of directory information the student does not wish released.
- Student’s signature.
- Requests to withhold directory information should be addressed to: Registrar – Union County College 1033 Springfield Avenue, Cranford, NJ 07016.

4) The right to file a complaint with the U. S. Department of Education concerning alleged failures by Union County College to comply with the requirements of FERPA. The name and address of the office that administers FERPA is: Family Policy Compliance Office, U. S. Department of Education, 400 Maryland Avenue, SW, Washington, D. C. 20202-8520. More FERPA information can be found online at: www.ed.gov/policy/gen/guid/fpco/ferpa/index.html

## FINANCIAL AID

### Types of Aid Available:

Union County College offers many types of financial aid from federal, state, and institutional sources to help students fund their educational goals. For information on the various types of aid available, please visit our paying for College page at: https://www.ucc.edu/admissions/paying-for-college/

### Application Procedures

Students seeking financial aid need to complete only two forms to apply for all federal and state scholarships and grants, federal loans, federal work study, and all institutional scholarships: the Free Application for Federal Student Aid (FAFSA) and the Union County College Scholarship Application. Full and part-time students may be eligible for financial aid; however, some forms of aid will be adjusted for students who are less than full-time.

**Step 1: Complete your FAFSA**

Your first step is to complete the FAFSA (Free Application for Federal Student Aid) at https://fafsa.ed.gov/. Remember to enter the school code of 002643 for Union County College so we receive your FAFSA electronically. You will need to apply for a Personal Federal Student Aid ID (FSA-ID). If you are a dependent student, you and one parent will need to apply for separate FSA-IDs and use the FSA-IDs to electronically sign your FAFSA. You and/or parents must complete a federal tax return if required. While completing the FAFSA on-line, you and/or parents are able to import their federal tax information from the IRS using a secure data retrieval tool (DRT).

Once you reach the Web confirmation page, locate the link entitled “Optional Feature – Start your State Application.” Respond to the questions for you and/or your parents and submit the additional information to the State of New Jersey.

**Step 2: Apply for Scholarships**

Once a student has submitted a FAFSA, they should also complete the Scholarship Application. This is the application for all scholarships. Last year, we awarded hundreds of institutional scholarships to our students. If you are interested in applying for scholarships, please visit https://www.ucc.edu/admissions/paying-for-college/scholarships/

**Step 3: Review your Student Aid Report**

Once you have submitted a FAFSA, the U.S. Department of Education will process your FAFSA and send you a copy in the form of a Student Aid Report (SAR). The SAR will be sent to the you electronically if you have listed an e-mail address on your FAFSA. Please review your SAR and notify the Student Services Center. If you have made any mistakes, we will walk you through how to correct them.

**Step 4: Review your Correspondence from HESAA**

The U.S. Department of Education will also send your information to all of the colleges listed on your FAFSA, as well as to the New Jersey Higher Education Student Assistance Authority (HESAA). HESAA will notify you...
of your eligibility for TAG or to request additional information.

**Step 5: Check your financial aid status online**

All communication from Financial Aid is in an electronic format. It is essential that you check Web Services to view your financial aid status and/or any documents required to complete your financial aid application. You should check your Owl’s Nest e-mail account daily because all communication we send to a student is sent through this e-mail.

**Financial Aid Application Deadlines**

A free FAFSA application must be completed each year and it serves the entire academic year (Fall, Spring, and Summer terms). The FAFSA becomes available each October for the following Fall and will remain available through the following Summer. We recommend that you complete your FAFSA as soon as possible.

If you previously received a Tuition Aid Grant (TAG) you will need to complete your FAFSA by April 15 to be considered for the grant in the next academic year. For more information on state grants, please visit the website for the State of New Jersey Higher Education Student Assistance Authority (HESAA) at www.hesaa.org.

Certain funds are available on a limited basis; therefore, it is in your best interest to apply as early as possible.

**Eligibility**

To be eligible for Federal and State financial aid programs, you must:

- Be accepted as a student in an eligible certificate or degree program.
- Be making satisfactory academic progress for financial aid purposes.
- Have a high school diploma, General Education Development (GED) certificate, or a secondary school completion credential for home school.
- Be a U.S. citizen or eligible non-citizen (This includes legal permanent residents, or green card holders.).
- Have a valid Social Security Number.
- Register with Selective Service if required.
- Not be in default on a previously awarded student loan or owe a refund on a previously awarded grant.

Different forms of financial aid may have additional eligibility criteria.

**Satisfactory Academic Progress For Financial Aid Recipients**

All students receiving financial aid from federal and state sources must be making satisfactory academic progress at Union County College. Satisfactory academic progress is evaluated each term and it is based on the student’s cumulative academic history.

For our entire Satisfactory Academic Progress (SAP) Policy, including information about support services available to help you maintain SAP as well as how to appeal if you are not making SAP, please visit the Satisfactory Academic Progress page at: https://www.ucc.edu/admissions/paying-for-college/policies/satisfactory-academic-progress-policy/

**TUITION AND FEES**

Through the College’s Web Services financial information features, you can easily view your payment history, refunds and any related holds on your account, pay your bill by credit card or by e-check. In addition to our online services, we are here, onsite, to answer any questions you may have about your tuition and fees, including managing payment plan options.

Please visit a Student Services Center on any of the three campuses. Call (908) 709-7063 or e-mail StudentAccountsOffice@ucc.edu for more information. For privacy reasons, please use your Owl’s Nest e-mail account.

ACADEMIC LEARNING CENTERS
The Academic Learning Centers (ALCs) offer free tutoring and other support services to all Union County College students who are currently enrolled in credit bearing and/or developmental courses. Students are encouraged to take advantage of the ALCs’ services whenever they need assistance; students may seek academic support as many times as they may need it.

Tutoring is delivered primarily by peer tutors who have performed well in their course work, and have demonstrated that they can convey their knowledge to fellow students effectively, and are recommended by their instructors. Tutoring support is provided on a walk-in basis for most subjects based on tutor availability; no appointments are required. In addition, the ALCs offer online tutoring for selected courses through synchronous live chat and asynchronous environments. Another important component of the ALC’s offerings on the Cranford and Elizabeth campuses is the Math Success Center (MSC), which is an area devoted to mathematics support, and is staffed with math tutors who assist students seeking help with their math course work ranging from developmental through advanced levels.

Each ALC has a computer lab with access to Windows computers and printers; computer tutors are available to assist students with networked and web-based software used in mathematics, English-as-a-Second Language, and engineering courses, among others. In addition, students can use Microsoft’s Office Suite 2013; access CANVAS, the College’s online course delivery system; and receive help with navigating Owl’s Nest, the College’s portal.

The ALCs provide employment opportunities for Union County College students. Peer tutors, computer lab assistants and receptionists are hired from the student body if they meet the departmental requirements and receive faculty recommendations.

An Academic Learning Center is conveniently located on each campus: In Cranford, on the first floor of the MacKay Library; in Elizabeth, on the third floor of the Lessner Building; and in Plainfield, in the Annex. For further information or to check with any of the ALCs for hours of operations and tutoring schedules, visit http://www.ucc.edu/about/ALC, or find us in Owl’s Nest under Student Development.

CREDIT HOUR PROCEDURE
All credit courses offered by Union County College conform to applicable federal and state regulations concerning the assignment of credit hours. The following delineates the College’s policy regarding the assignment of credit hours.

I. Credit Hour Definition
The U.S. Department of Education defines “credit hour” as:

“An amount of work represented in intended learning outcomes and verified by evidence of student achievement that is an institutionally established equivalent that reasonably approximates not less than:

1. one hour of classroom or direct faculty instruction and a minimum of two hours of out-of-class student work for approximately fifteen weeks for one semester or trimester hour of credit, or ten to twelve weeks for one quarter hour of credit, or the equivalent amount of work over a different amount of time; or,

2. at least an equivalent amount of work as required in paragraph (1) of this definition for other academic activities as established by the institution, including laboratory work, internships, practica, studio work, and other academic work leading to the award of credit.

Paragraph (1) of this definition for other academic activities is based on the number of class activity each week for 15 weeks (or the equivalent thereof for semesters of different length).” (Electronic Code of Federal Regulations, Title 34: Education, Part 600 – Institutional Eligibility under the Higher Education Act of 1965, as amended, Subpart A – General, Section 600.2)

The U.S. Department of Education further holds that “[t]here is no “seat time” requirement implicit in the definition of a credit hour” and that such definition “does not dictate particular amounts of classroom time versus out-of-class student work,” noting that:

“…a credit hour may be for an equivalent amount of work over a different amount of time. There is no requirement that a 3-semester hour course meet 3 hours per week during a semester or a 3-quarter-hour course meet 3 hours per week during a quarter. The requirement is that the institution determine that there is an amount of student work for a credit hour that reasonably approximates not less than one hour of class and two hours of out-of-class student work per week over a semester for a semester hour or a quarter for a quarter hour.” (Program Integrity Questions and Answers – Credit Hour) https://www2.ed.gov/policy/highered/reg/hearulemaking/2009/credit.html

II. Credit Hour Assignment
In awarding credit hours, Union County College conforms to the state and federal definitions listed above as well as any policies set forth by the Middle States Commission on Higher Education.

Union County College has fall and spring semesters that consist of 15 weeks of instruction that include a final exam week. The College also offers 6- and 10-week summer terms, an 11-12 week of fall and spring semester. All scheduling options include an additional final exam and comply with all policies regarding meeting times and amount of work required.

Under the supervision of the Academic Deans and the Vice President for Academic Affairs, the faculty develops, maintains, and revises the curriculum, with the President having final approval of the curriculum. Assignment of credit hours for courses is based on best practices and course learning outcomes. Existing courses are evaluated for adherence to the federal credit hour regulations during the Five-Year Program Review. New courses are developed and recommended at the Division level and sent to the Curriculum Committee for further review and recommendation(s). The Curriculum Committee is charged with following the policy on credit hours in their review and recommendation of all courses and curricula and in certifying that the expected student learning for the course meets the credit hour standard. Approval of all courses, new or revised, rests with the Vice President of Academic Affairs. Approved courses are sent to the Registrar’s Office for inclusion in the College Catalog.

The Academic Deans review the class schedules prior to the start of each semester to ensure that all classes are scheduled for the number of minutes that correspond to the credits assigned. Any discrepancies are brought to the attention of the appropriate Division Dean for correction or explanation. The Vice President for Academic Affairs conducts a final review and approval of the class schedules.

The following provides general guidance on how the credit hour is applied to the particular mode of instruction. Note, however, that the credit hour definition does not dictate particular amounts of classroom time versus out-of-class student work; the information below serves as general guidance only.

State of New Jersey: All credit-bearing degree and certificate programs at Union County College are approved by the State of New Jersey Department of Education (NJDOE). Calculation for credit hours for these programs follows NJDOE guidelines, which are consistent with the U.S. Department of Education’s definition of a credit hour.

According to the New Jersey Administrative Code Title 9A – Higher Education, Subchapter 1, 9A:1-1.2, a “‘Semester credit hour’ means 50 minutes of face-to-face class activity each week for 15 weeks (or the equivalent attained by scheduling more minutes of face-to-face class activity per week for fewer weeks in the semester) in one semester complemented by at least 100 minutes each week of laboratory or outside assignments (or the equivalent thereof for semesters of different length).”

The College shall define its own regulations as clearly as possible and publish them in a form that is accessible to students. It is the responsibility of the student to be familiar with College regulations. The jurisdiction of College judicial officials and the disciplinary procedures, including the student’s right to appeal a decision, shall be clearly formulated and communicated in advance.

An individual accused of a breach of College regulations shall be informed of his/her rights by a College official. No form of harassment shall be used by institutional representatives to coerce admissions of guilt or information about conduct of other suspected persons.

Except under emergency circumstances, the personal possessions of students shall not be searched unless appropriate authorization has been obtained. The student shall be present, if possible, during the search. For premises not controlled by the institution, the ordinary requirements for lawful search shall be followed.

The College has the responsibility for establishing adequate judicial procedures for students accused of infractions. The accused has the right to challenge the impartiality of the judicial agent. The judicial process shall be such that students have the right to appeal disciplinary and academic-integrity actions deemed unwarranted.

A student accused of violating College regulations has the right to seek the aid of any member of the College community to advise them of the process as well as their rights and responsibilities. Sanctions shall be fairly and impartially applied and not in violation of the student’s rights.

Union County College is committed to maintaining environments free from all forms of violence, harassment, exploitation and intimidation. The College is committed to protecting the rights of its students and adheres to all legal mandates under state and federal law. For a comprehensive statement, see the Union County College Non-Discrimination and Anti-Harassment Policy.

Standards of College Behavior
The College expects students, staff, faculty, visitors, guests, and business partners to conduct themselves with civility, ethical behavior, and respect for the rights and welfare of students, staff, faculty and partners. These are expectations of personal responsibility that are necessary for the College to fulfill its higher education mission. These expectations are stated in the form of required behavior that protects the rights of individuals and the rights of groups within the mission, goals, and objectives of the College. The enrollment of a student at the College is a voluntary entrance into the academic community and with such entrance the student voluntarily assumes obligations of performance and behavior imposed by the College relevant to its lawful missions, processes and functions. These obligations may be much higher than those imposed on all citizens by civil and criminal law.

The following principles are part of the collective expectation of students who choose to attend the College:

Civility – Members of a college community shall interact with others in a courteous manner.

Ethical Behavior – Everyone in the College community has an obligation to aspire to a set of principles and values that demonstrate a commitment to fairness, honesty, integrity, empathy and achievement.

Morality – Members of a college community commit to the ideals of appropriate conduct. This lifestyle seeks to harm no one and promotes mutual respect.

Respect – Members of a college community should hold one another in high regard. When the conduct of any member of the College community falls outside the bounds of appropriate behavior, that member can expect the community to hold them responsible.

Restorative Justice
Wherever possible, conduct officers will embrace and apply the “restorative justice” philosophy by asking individuals to become accountable for their actions. According to Warters, Sebok, and Goldblum (2000), “Restorative justice represents a philosophy and a process that acknowledges that when a person does harm, it affects the person(s) they hurt, the community, and themselves. When using restorative justice measures, an attempt is made to repair the harm caused by one person to another and to the community so that order is restored for everyone” (p. 1). Thus, effective resolutions must involve all of the persons who contributed to the conflict(s) and who are ultimately accountable for the outcomes of the resolution. The goal of the conduct process is to provide positive, productive responses to offenses or violations, ultimately meeting the unique needs of the student population.

### Academic Integrity Policy

Academic dishonesty is defined here as cheating or plagiarizing by any means during a test or examination, in any work intended to be done independently (such as term papers, reports, essays, take-home examinations or online assignments, picture/photography, plastic sculpture, etc.) and submitted as work. Permitting another to copy for a test or paper also constitutes academic dishonesty. A more in-depth explanation of proper citation can be found in the MLA Style.
Manual, the APA Style Manual, the Chicago Manual of Style, and Kate Turabian’s, A Manual for Writers of Term Papers, Theses, and Dissertations. Additional citation guides can be found at each of the Union County College libraries. Librarians will assist students in locating appropriate citation resources, enabling students to refer to information in an ethical manner as outlined in the Information Literacy Competency Standards for Higher Education from the Association of College & Research Libraries (ACRL).

Cheating/Plagiarism
There is the expectation that students will present as their own work only that which they have done themselves. The College does not tolerate academic dishonesty, including plagiarizing (the act of representing someone else’s ideas as your own) and cheating by any means during a test, an examination or in any work intended to be done independently.

The term “cheating” includes, but is not limited to the following:

- Copying from another person’s test, electronic device or paper.
- Permitting another to copy from a test or paper.
- Using crib notes or any instrument not authorized by the instructor.
- Concealing notes on parts of the body, desk, or other object.
- Unauthorized use of cell phones or texting during examinations.
- Claiming authorship of work that is not your own.
- Purchasing or selling quizzes, exams or term papers for the purpose of academic evaluation.
- Permitting another to:
  a. Take an examination in your place.
  b. Complete take-home examinations or other assignments.
  c. Complete work for the purpose of academic evaluation in on-line courses.

The term “plagiarism” includes but is not limited to the following:

- Representing someone else’s ideas as your own without crediting your source.
- Submitting assignments that do not include proper acknowledgement of the original source. Quoted material must be put in quotation marks and credited to the original source.
- Paraphrasing another’s work without proper attribution.
- Submitting deliberately misleading attributions or acknowledgments.
- Submitting a purchased term paper, or another person’s work as one’s own.
- Failing to properly document information obtained on the World Wide Web or other Internet sources.

Faculty Procedure
In the event that a student is suspected of cheating or plagiarizing, the faculty member shall advise the student of the charge, in writing, within five business days after the alleged event has been detected. Written notice shall include documentation of the incident, imposed sanctions within the authority of the faculty and the process for appeals. The student shall be informed of the action that will be taken. The faculty member may choose to do any of the following:

- Faculty Action
  The sanction may include one of the following: asking that the work be redone; lowering the grade on the assignment regardless of its quality; counting the plagiarized work as zero; lowering the final earned course grade by one complete grade; or failing the student in the course. A student may appeal the grade sanctions imposed by the faculty member by notifying the Division Dean in writing within three business days of the date the student received the written notification of the sanction. A grade sanction may only be changed by the Division Dean.

- Student Disciplinary Process Referral
  A faculty member may submit a formal complaint to be filed for further action to the Office of the Dean of Students. It will be up to the discretion of the Student Conduct Officer to determine whether additional sanctions apply. The faculty must submit in writing a complaint against a student within five business days after the alleged allegation has been documented. The Office of the Dean of Students shall notify the student in writing of the charges, within five business days, that a complaint of (academic dishonesty) violation of Student Code of Conduct is pending. The Student Conduct Officer shall hold a student disciplinary conference if warranted, and make a decision based on the preponderance of the evidence. Students who wish to appeal the outcome of a discipline conference should follow the Appeals Process outlined in this handbook section.

STUDENT APPEALS AND COMPLAINT POLICIES.

An appeal must be submitted with all necessary documentation supporting the student’s statement. A special appeal is not a grade appeal nor Satisfactory Academic Progress (SAP) appeal. This special appeal form can be found in www.ucc.edu in download documents and/or Owl’s Nest under the Dean of Students page.

Students are encouraged to first seek out an informal resolution, if the student is unsatisfied with the outcome of the informal resolution, he/she may proceed with a Formal Complaint.

**A. Informal Resolution**

In the initial phase of a complaint, students need to speak directly with the supervisor or faculty member most concerned with or responsible for the situation that is the cause of the complaint. If this communication does not lead to a resolution, or such a discussion is not deemed appropriate, the student may register a formal written complaint with the Dean of Students.

**B. Formal Complaint**

A Formal Complaint must be submitted in writing to the Dean of Students who will refer the matter to the appropriate administrator from which the complaint arises. Formal complaints must be filed within fifteen (15) business days of the event that triggered the complaint and state the nature of the grievance as well as the remedy being sought. Any previous attempts to resolve the issue should also be described.

Receipt of the complaint will be acknowledged within three (3) business days. The appropriate College administrator will then review the matter. A final written determination, including any proposed resolution, will be sent to the student within thirty (30) days of the receipt of the complaint. A complete record of any formal complaint, including supporting documentation, will be kept by the relevant College office.

**Institutional Records of Student Complaints**

An electronic Institutional Record of Student Complaints (IRSC) will be maintained in the Dean of Student’s Office and will contain the following information: type of complaint, date and nature of the incident, steps to resolve and final disposition. The college administrator that addressed the complaint, is required to submit an IRSC Report to the Dean of Students within ten (10) days of the final disposition for entry into a secured database.

An IRSC Summary will be generated annually by the Dean of Students and maintained on record for a period of five years with the Vice President of Student Development. The IRSC will contain the following:

a. The total number of formal complaints received by the College.

b. The nature of the complaints received by generic category.

c. As part of periodic assessment, the Vice President of Student Development will recommend making modifications to the College policies and procedures a result of information obtained in handling student complaints.

Emergency Evacuation Plan

The College, with the cooperation of local Fire Departments, has developed an Emergency Evacuation Plan. Please become familiar with these procedures. Faculty/staff and students are to cooperate and follow the directions of the Campus Public Safety Officers and rescue personnel.

- Know the locations of emergency telephones. These units are self-dialing to the Public Safety Office, wait for the tone and then speak;
- Know the location of two exits from your area;
- Know the location of fire extinguishers in your area. These units are normally activated by simply pulling out the security pin, and squeezing the handles;
- Be aware of persons in your section who would have difficulty during an evacuation;
- Be aware of any rooms where an alarm may not be heard as loudly, including bathrooms and photographic darkrooms;

On Discovering a Fire:

- Remove any person from immediate danger;
- If you observe fire, smoke or any evidence of fire, activate the fire pull station;
- Faculty/staff close all the windows of the room in which you are located. Make certain all persons have left the room;
- Particular attention must be given to the evacuation of handicapped persons;
- Go to the nearest exit and leave the building;
- Stay at least fifty feet from the evacuated building. Allow easy access for Public Safety Personnel and emergency
apparatus;
• Custodial personnel will assist Public Safety Officers to ensure that the building has been emptied, windows and doors are closed, and fire doors at corridors are closed and will then leave the building by nearest exit;

Hearing the Alarm:
• Students in classrooms and laboratories will be advised by their instructors to evacuate.
• Evacuate using the nearest stairs.
• Alert all persons in your area.
• Time permitting; carry appropriate clothing for outside assembly.
• Feel the door knob before opening any door. If it is hot do not open the door.

If You Are Not Able To Leave:
• If you cannot leave a room, seal the cracks around the door with towels or any materials.
• Call the Public Safety Office if possible and let them know your location. If unable to make outside contact, open the window a few inches to allow fresh air and hang an object out of the window to alert the Fire Department of your location.
• If unable to get out of a room keep low to the floor.

Exiting in an Emergency:
• Leave the building using the nearest exit.
• When using a stairwell to evacuate, stay to the right, remaining close to the wall to allow the Fire Department to get to the fire door.
• If an exit is blocked by either fire or smoke, go to another exit.

Once again, please become familiar with this Evacuation Plan and the areas which you are scheduled to occupy. Your safety and the safety of others may depend on it. No person may re-enter the building until the emergency has been cleared by the fire department or the public safety office.

Lost and Found
The Public Safety Office in Room SD-108 in Cranford as well as the Public Safety Desks on the Elizabeth and Plainfield Campuses serve as the College Lost and Found areas.

Safety on Campus:
All students are urged not to linger in lightly traveled areas of the buildings or campus grounds after regular closing hours. If you must complete assignments in remote areas where the campus is in minimum use, you should exercise the following safety precautions:
• Find at least one other person with whom to work;
• Leave the area in pairs or as a group;
• Alert Public Safety in advance that you will be using the area and ask Public Safety to spot check during your work period and escort you to your car if necessary;
• Leave the building by common exit that may be closest to the area where you parked your car;
• If you are waiting for a ride after dark, agree upon a well-lighted pick-up spot;
• If you are subjected to harassment or observe someone behaving in a suspicious manner that may jeopardize your safety, report the situation immediately to Public Safety or College Official.

These are a few simple rules that may prevent the occurrence of an unfortunate situation. Most importantly, you should make yourself familiar with the campus buildings, exits and general location of the Public Safety Office. Please be reminded that you should carry your ID Card with you at all times. We are an “open” campus. Stay alert and exercise prudence to insure your personal safety at all times. Should any student, faculty/staff member, or any visitor on the campus become the victim of any crime call 911 and immediately report the incident to the Public Safety Office.

All complaints of harassment and discrimination, including those concerning Title IX, Section 504, and the ADA should be directed to the Director of Human Resources.

Consensual Amorous Relationships

Union County College recognizes that a consensual amorous relationship between a faculty or staff member and a student does not necessarily involve sexual harassment or sexual misconduct. However, the College’s educational responsibilities to its students are potentially compromised in all such cases by the likelihood or even the appearance of a conflict of interest. Consequently, this policy prohibits consensual amorous relationships between a faculty or staff member and a student whenever the faculty or staff member is in a position of professional or supervisory responsibility with respect to the student.

If a faculty or staff member has a pre-existing consensual romantic/sexual relationship with a student, the student should be discouraged from enrolling in courses taught by the instructor or entering into work situations in which she/he would be supervised by the faculty/staff member. If the student does enroll in a course or work for the staff member, the faculty/staff member shall notify their Supervisor and should remove him/herself from academic or professional decisions concerning the student.

Should a romantic/sexual relationship between a faculty/staff member and his/her student lead to a sexual harassment charge, the College will investigate and resolve the charge in accordance with its Complaint Investigation Policy. Furthermore, with respect to amorous relations in particular, what might appear to be consensual to the parties involved may, in fact, be not so. On this basis, amorous relations between a Supervisor and a subordinate are prohibited.

Sexual Assault

Sexual assault is a serious offense. Any individual who sexually assaults another is subject to disciplinary procedures of the College and subject to any pertinent state or federal regulations.

Sexual assault includes, but is not limited to, actual or attempted nonconsensual or forcible sexual touching, including fondling, kissing, groping, attempted sexual intercourse, and penetration with an object. Sexual assault can be perpetrated by someone known or unknown, including an acquaintance, spouse, partner, date, relative, friend or stranger, by men or women. Rape is nonconsensual intercourse with any victim male or female. A victim may not be able to give consent due to intoxication, infancy or any other impairment of will. To insure that the needs of sexual harassment victims are met and that colleges and universities in New Jersey create and maintain communities that support human dignity, Union County College has adopted the Campus Sexual Assault Bill of Rights established by the state of New Jersey. **SEXUAL ASSAULT, DOMESTIC VIOLENCE, DATING VIOLENCE, AND STALKING**

On March 7, 2013, President Obama signed the Violence Against Women Act of 2014 (VAWA) (Pub. Law 113-4), which, among other provisions, amended (HEA), otherwise known as the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act). The Clery Act requires institutions of higher education to comply with certain campus safety and security related requirements as a condition of participating in the Federal student aid programs authorized by Title IV of the HEA. Notably, VAWA amended the Clery Act to require institutions to compile statistics for incidents of domestic violence, dating violence, sexual assault, and stalking and include certain policies, procedures and programs pertaining to these incidents in their annual security reports (ASRs).

The following offenses are prohibited on all campuses and are addressed in crime prevention and awareness programs for

students, employees, faculty, and campus officials:

- **Domestic violence means** “a felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the victim, or a person with whom the victim shares a child in common.”
- **Sexual assault means** “an offense classified as a forcible or nonforcible sex offense under uniform crime reporting system of the Federal Bureau of Investigations.”
- **Dating violence means** “violence committed by a person – who is or has been in a social relationship of a romantic or intimate nature with the victim; and where the existence of such a relationship shall be determined based on a consideration of the following factors: length of the relationship, type of relationship, the frequency of interaction between the person involved in the relationship shall be determined based”
- **Stalking means** “engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others; or suffer substantial emotional distress.”

**Violence Against Women Act – VAWA**

Union County College prohibits all acts of violence on all campuses and at all College-related events, including sexual assault, domestic violence, stalking, and dating violence. All incidents of sexual violence reported to the College will be promptly investigated and referred to the Office of Student Conduct as appropriate.

If you experience any form of sexual misconduct, domestic, dating violence and or stalking, the College objectives are to end the misconduct, prevent its occurrence and address its effects. Reporting such conduct to the police or the Public Safety Office is not mandatory, but victims are encouraged to report such conduct so it may be investigated. With respect to reporting activities that may constitute a crime, the College encourages students to contact the local police where the offense took place as quickly as possible. Students, staff, faculty, visitors and business partners may notify the Public Safety Office, who can notify local police. To report a violation, contact the Dean of Students, the Affirmative Action Officer or the Dean of College Life located on the Cranford campus.

**Campus Sexual Assault Victims’ Bill of Rights**

- Victims shall be notified of their options to notify law enforcement
- Accuser and accused must have the same opportunity to have others present
- Both parties shall be informed of the outcome of any disciplinary proceeding
- Victims shall be notified of counseling services
- Victims shall be notified of options for changing academic environments

**The Campus Sexual Assault Victims’ Bill of Rights** was signed into law by President George Bush in July of 1992. This law requires that all colleges and universities (both public and private) participating in federal student aid programs afford sexual assault victims certain basic rights. The “Campus Sexual Assault Victims’ Bill of Rights” exists as a part of the campus security reporting requirements, commonly known as the Jeanne Clery Act.
Information is obtained from the Dear Colleague Letter issued by the US Department of Education/Annual Clery/VAWA Reporting Compliance letter, and Handbook for Campus and Security Reporting. Union County College policies and procedures are intended to be consistent with all of these legal requirements.

Sexual misconduct (whether forcible or non-forcible), domestic violence, dating violence, and stalking violate the criminal law and college regulations. The College will investigate all complaints promptly and effectively, and carry out the established college disciplinary procedures, as warranted. The college disciplinary procedure ensures that both the accuser and accused have an opportunity to present their case and that both will be notified of the outcome. Following a college disciplinary hearing, sanctions may include withdrawal of charges, verbal or written reprimands, establishment of specific stipulations to be met for continued attendance at the college, suspension or dismissal. In reporting activities that constitute a crime, initial contact should be made to the local police where the offense took place as quickly as possible. Students, staff, faculty, visitors and business partners are expected to notify the Public Safety Office and/or the local police without any fear of retaliation or reprisal. Any individual that is reluctant to notify either the police or the Public Safety Office may request assistance from appropriate campus officials such as Dean of Students, Title IX Coordinator, or Director of Human Resources.

Programs To Prevent Domestic Violence and Dating Violence, Sexual Assault, and Stalking

Union County College is committed to maintaining safe and secure campus environments by providing prevention and awareness programs to members of the College community. Each academic year, the College conducts various programs and activities to address domestic and dating violence, sexual assault, and stalking.

Tips For Preventing Sexual Violence and Date Rape

Safety on campus is everyone’s responsibility. Bystanders, including students, staff, faculty, visitors and business partners can all help prevent domestic violence, sexual assault, dating violence and stalking by being alert for warning signs and taking appropriate action.

Bystanders should remember these tips to help prevent sexual violence and date rape:

- If you see something, say something
- Don’t leave someone alone if they are unconscious, drunk or high on drugs, or is otherwise unable to give consent. Consent “means that both people in a sexual encounter must agree to it, and either person may decide at any time that they no longer consent and want to stop the activity”
- Do’t let anyone behave sexually with someone who is unconscious, drunk or high on drugs
- Pick a designated driver and observer who will stay sober at parties, and always encourage others to do the same
- Check in with your friends during parties and leave with them
- Offer help to someone who is a target or at risk of sexual violence
- Privately call the police if you see a sexual assault or hear a confession of rape
- Never photograph or videotape a sexual assault
- If anyone jokes about rape, speak up to let them know it is not acceptable
- Visit NotAlone.gov for more information and resources on avoiding and preventing sexual assault

Tips For Preventing Stalking And Domestic Violence

Everyone on campus can help prevent domestic violence and stalking:

- Don’t encourage hostile or violent comments about others
- Do not share information about an acquaintance’s schedule or whereabouts with a stranger
- If someone is being verbally abused or pushed around, ask him or her “Are you okay?” Get help if needed
- If you see someone being attacked, followed or in distress, report it to campus Public Safety Office or the police

Campus Investigation and Hearing Officials

Union County College officials responsible for investigating reports of domestic violence, dating violence, sexual assault, stalking or who conduct disciplinary hearings resulting from reports of such acts receive periodic training for conducting investigations and how to protect victim’s safety and security. The College is committed to assisting victims of sexual assault by providing the following information:

1. It is extremely important to preserve physical evidence needed to prove domestic violence, dating violence, sexual assault or stalking. In cases of sexual assaults, it is important for victims to refrain from showering or destroying physical evidence by laundering clothing or cleaning areas where a crime was committed.

2. Public Safety Officers will summon law enforcement officials, medical assistance if necessary, and/or sexual assault crisis professionals. Officers will remind victim of need to preserve physical evidence including clothing, and secure scene for processing by law enforcement officials.

3. Victims are encouraged to call 911 to report any of the prohibited offenses outlined in the VAWA. Victims are encouraged to report the crime but are not obligated to do so.

4. The victim has the options of declining to notify any authorities or to notify local law enforcement and/or on-campus security.

5. The Department of Public Safety will strictly enforce all restraining orders or no contact directives.

Investigations and Disciplinary Proceedings

The Equal Employment Opportunity/Affirmative Action Officer and Title IX Coordinator is responsible for conducting investigations into allegations of discrimination on the basis of sex, domestic and dating violence sexual misconduct, and stalking (Title IX cases, see below under Title IX) including VAWA reauthorization offenses. Disciplinary procedures are outlined in the Student and Employees Handbooks. In conducting investigations and disciplinary proceedings of a sexual offense, the College adheres to the following standards:

1. Provide prompt, fair and impartial investigation and
disciplinary proceedings.
2. Provide information regarding confidentiality of the proceedings.
3. Permit both parties to have an advisor or support person of their choice at the proceedings and any related meeting.
4. Provide statement of the required standard of proof in these proceedings.
5. Provide written notice of the outcomes of the proceedings to both parties.
6. Attend annual training for officials conducting the proceedings on domestic violence, dating violence, sexual assault and stalking, and how to conduct an investigation and hearing process that protects the safety of victims or accused and promotes accountability.
7. Provide information for employees reporting covered offenses.
8. Referral for counseling, health, mental health, victim advocacy, legal assistance, and other services may be available for students in the Advising, Career and Transfer Department. Human Resources offers referrals for counseling, including health, and mental health services for employees (See also names of providers listed under Title IX, Healing and Recovery, below).

Sanctions and Disciplinary Actions
Any individual whose conduct is found to violate the Serving the Public Employee policy or the Student Code of Conduct shall be subject to disciplinary action, up to and including dismissal from the College, termination of employment, or severance of the business relationship. Student and employee handbooks contain comprehensive lists of penalties that may apply. Any imposed consequences or disciplinary actions will be based on the severity of the offense, and a student’s or employee’s history of performance issues.

Discipline and Discharge Of Employees
The College enforces policies, procedures, practices, rules and regulations in a fair manner. Discipline may include, but is not limited to verbal warnings, written reprimand and suspension with or without pay, disciplinary probation and termination.

The college expects students, staff, faculty, visitors and business partners to conduct themselves with civility, ethical behavior, and respect for the rights and welfare of students, staff, and faculty.

Investigations are subject to the following:
- Confidentiality. The College takes confidentiality seriously. Investigative information is shared with others on a need-to-know basis only, including with investigators, witnesses, the accused individual, and relevant College officials, or as required or permitted by law. In some cases, the investigation file may be subject to requests for public records; the College redacts identifying or other information when legally permissible.

When a complainant requests confidentiality or that the College not proceed with an investigation, the College respects that request to the extent possible. The College’s legal obligation to provide a safe and nondiscriminatory environment may require that the College proceed with an investigation, which may require investigators to share limited identifying information about a complainant. The College will inform a complainant if this occurs. In all cases, the College works with the complainant to provide resources and support.
• Conflict of Interest. An investigator does not participate in an investigation in which he or she has a conflict of interest. A conflict of interest means the existence of an interest that could reasonably affect or appear to affect the impartiality of the investigator.

• Criminal Complaints. A complainant has the option to file a criminal complaint with the police. The criminal process can be pursued simultaneously. The College does not wait for the conclusion of a criminal case to investigate possible Title IX violations. In some cases, a temporary suspension of the College’s investigation may be necessary when requested by law enforcement. However, the College’s investigation resumes promptly once the College is notified by law enforcement that it may proceed. An outcome reached in a criminal process does not necessarily determine the outcome of the College’s process.

• Interim Measures. The College takes appropriate interim steps before a final resolution to support and protect the complainant, as needed. Such steps may be taken regardless of whether complainant wishes to pursue the complaint. The College may impose a “no-contact” order, which typically includes a directive that the parties refrain from having contact with one another. Other interim measures include, but are not limited to, altering the academic or College employment arrangements of the parties. When taking such steps, the College seeks to minimize unnecessary or unreasonable burdens on either party; however, every reasonable effort is made to allow the complainant to continue in his or her academic or College employment arrangements. Violations of such protective measures may lead to disciplinary action.

• Participation of Parties. When appropriate, the College seeks the consent of the complainant to proceed with an investigation but informs each complainant that alleged violations of this policy may be investigated regardless of consent. If any party or witness declines to participate in an investigation, the College continues the investigation to the extent possible. The College, as an employer, expects all employees to participate and cooperate with all investigations.

• Investigation Process. The complainant and the respondent are given the opportunity to provide information and evidence to the investigator, including names of witnesses. The parties are also given the opportunity to provide oral and written statements. Except in extraordinary circumstances, both parties are given written notice of the outcome of the investigation, an opportunity to respond, and an opportunity to appeal.

• Standard of Proof. The College uses a “preponderance of the evidence” evidentiary standard to evaluate allegations of violations of this policy, which means it is “more likely than not” that the behavior or incident in the complaint occurred.

• Timeframes. The College seeks to complete all investigations promptly after receipt of a complaint. An investigation of sexual assault, sexual misconduct, or domestic violence is typically completed within 60 calendar days unless there is good cause to extend that timeframe.

Title IX Enforcement

The College vigorously enforces this policy. Persons determined to have violated this policy are subject to sanctions imposed using the procedures set forth in applicable College policies and this Student Handbook, including any appeal procedures therein. The chosen sanction is to be adequately and appropriately severe to prevent future offenses. The sanctions that are imposed, or other actions taken, must be reported to the Title IX Coordinator by the administrator or supervisor who imposes the sanctions.

In addition, inappropriate and unprofessional behavior by College personnel that does not rise to the level of a policy violation (e.g., unwelcome sexual comments that are not sufficiently severe, persistent, or pervasive to constitute sexual harassment), may nonetheless be subject to corrective or disciplinary action in some cases.

Malicious or Frivolous Allegations Prohibited

The College disciplines members of the College community who knowingly make false or frivolous allegations of discrimination, sexual harassment, or sexual misconduct. No complaint is considered malicious or frivolous solely because it cannot be corroborated.

Retaliation and Interference Prohibited

The College prohibits retaliation regarding the filing of any complaint. Retaliation includes any act or threat of action that would dissuade a reasonable person from making or supporting a complaint, or participating in an investigation, and could negatively affect another’s employment, education, reputation, or other interest. Retaliation will be regarded as a separate and distinct policy violation. Retaliatory acts should be reported immediately to the Title IX Coordinator or Deputy Title IX Coordinators to allow them to be investigated promptly, effectively, and equitably.
ACTIVITIES

FIRST AMENDMENT/FREE SPEECH ACTIVITIES

Freedom of expression is a highly valued and indispensable quality of College life, and the College seeks to allow its students and employees the opportunity to utilize the College facilities and grounds to the fullest extent possible. The College’s commitment to this ideal does not grant to individuals or groups an unlimited license to engage in activity which limits, interferes with, or otherwise disrupts the normal activities for and to which the College’s buildings, facilities and grounds are dedicated. The purpose of these time, place, and manner regulations is to establish procedures and reasonable controls for the use of the College’s limited public forum area by both College and non-College groups and persons. The College seeks to balance its responsibility to fulfill its mission as a public educational institution with the interests of College and non-College groups and persons who are interested in using the College campuses for purposes of constitutionally protected speech, assembly, or expression.

The College has three campus, in Cranford, Elizabeth, and Plainfield, and facilities at Rahway and Scotch Plains, in Union County, New Jersey. The College is able to declare a “limited public forum area” as a place for expressive activities protected by the First Amendment, subject to reasonable time, place or manner restrictions, only on its Cranford campus. The purpose of the First Amendment activities include, but are not necessarily limited to, informational picketing, petition circulation, the distribution of information leaflets or pamphlets, speech-making, demonstrations, rallies, protests, meetings to display group feelings or sentiments and/or other types of constitutionally protected assemblies to share information, perspective, or viewpoints. College and non-College groups and persons may use the College’s limited public forum area on the Cranford campus, the Victor M. Richel Commons (the Commons), and the plaza area in front of the MacKay Library, for those activities protected by the First Amendment, subject to the following regulations:

1. The Commons is available for use only Monday-Friday, 11:30 a.m. - 1:30 p.m. and 5:30 p.m. - 8:30 p.m.

2. Request to use the Commons is to be presented to the Office of the Executive Director of College Relations between the hours of 8:30 a.m. and 4:30 p.m., Monday through Friday, with a copy of such request presented to the Office of Public Safety.

3. All groups and persons must provide the required request no later than fourteen days in advance; however, events may be permitted with less notice as long as the event does not interfere with any other function.

4. The request will contain:
   a. The name, address, and telephone number of the individual, group, entity, or organization sponsoring the event or use (hereinafter "the sponsoring organization"); and
   b. The name, address, and telephone number of a contact person for the sponsoring organization; and
   c. The date and time of the event;
   d. The nature and purpose of the event; and
   e. The estimated number of people expected to participate in the event.

5. The use of sound amplification devices for free speech purposes is not allowed.

6. To allow for the expression of a wide range of viewpoints and discussion of an array of issues, events may not last longer than five hours per day, and may continue no longer than five days from beginning to end. These limitations upon the duration of events will be excused, on a day-to-day basis, upon request when there are no competing requests to use the facility.

7. Signs, posters, literature, handbills, leaflets, and pamphlets may be distributed in accordance with relevant College policies. The sponsoring organization is encouraged, but not required, to include its name and address on the distributed information.

8. Speech that does no more than propose a commercial transaction is prohibited in connection with any event.

9. The Commons must be cleaned up and left in its original condition and is subject to inspection by a College representative after the event. Reasonable charges may be assessed against the sponsoring organization for the costs of cleanup or for the repair of damaged property.

10. The use of the Commons must comply with all other relevant College requirements.

11. The College and/or local public authorities may specify additional fire, safety, sanitation, and special regulations for the event, and the user must obey those regulations.

12. The College will not provide utility connections or hook-ups.

13. The Commons may not be used on the same date as any previously scheduled College event or activity at the Commons.

14. The College President or designee or any College Vice-President or designee may, at any time, terminate, cancel, or prohibit the use of facilities if the event is disrupting normal College functions. Any of these individuals may

refuse to allow a proposed use of facilities if they
determine, after reasonable inquiry, that the use or event
cannot be conducted without disrupting normal College
functions. Such determinations will be made without
consideration of the content or message of the First
Amendment activities.

15. When using the Commons, an individual or organization
may be required to post a bond and/or obtain insurance
to protect the College against cost or other liability.

16. When the College grants permission to use the Common it
is with the express understanding and condition that the
individual or organization assumes full responsibility for
any loss or damage resulting from that use.

17. Any person believed to be violating these regulations may
be barred from campus in accordance with the relevant
procedures.

SOLICITATION

Regulations governing solicitation (including commercial sales,
fund-raising, and distribution of literature) by off-campus
individuals or organizations are as follows:

No individual or organization may distribute literature,
advertise, or otherwise solicit customers, seek donations, or
make sales on campus without the express authorization of
the Executive Director of College Relations. The academic
program of the College must be kept unhampered and open
to all. Free discussion and inquiry are invited at all times in
matters affecting the welfare of any part of the College
community. Dissent on the part of any person or group is to
be expected, for it is unlikely that everyone will be in
agreement at any one time. Any method of dissent which is
disruptive of the free exercise of academic freedom on the
part of any segment of the College community will be an
infringement of the rights of all. Such disruptions will be
treated as a serious offense.

SMOKING POLICY

All Union County College property is smoke-free including
electronic cigarettes. For the purposes of this policy, “smoking”
is defined as the burning of a lighted cigar, cigarette, pipe, or
any other matter or substance that contains tobacco as well as
the use of smokeless tobacco, snuff, and electronic cigarettes
or any product that simulates the act of smoking. Fines and
disciplinary sanction may be imposed on students violating this
policy as defined under the section of the Student of Conduct.

FACILITY USAGE

The mission of Union County College is to serve the higher
education needs of Union County residents. Its campuses,
equipment and facilities are for the principal purpose of
providing educational resources for the faculty, students and
staff of the College (principal users). Other persons may use
the facilities of the College for related purposes, subject to the
following rules:

- No one may use the facilities in a manner which interferes
  with or impedes the use by the principal users.
• Persons who are not the principal users may apply to the College Relations Director for use of the facilities.
• Persons who are not the principal users must use the facilities only in designated areas and during designated times.
• Any person creating or maintaining a disturbance or nuisance on College premises must leave the premises when requested to do so.
• Loitering on the premises or use of the facilities for other than educational or College related purposes are prohibited.
• Any person who enters upon the facilities for any purpose other than an educational purpose or College related purpose, without prior authorization or any person who fails or refuses to leave the facilities when requested to do so, will be deemed a trespasser.
• The use of the gymnasium and Fitness Center and any related physical facilities is restricted to those holding a current College Identification Card.

Facilities Use Procedure
• All student and Student Government Association club organization requests for corridor space, rooms and equipment are to be facilitated through the Dean of College Life, who will notify the Office of College Relations and Facilities. Club/Organization leaders reserving rooms for student activities will be directly responsible to the Dean of College Life. The privilege pertaining to control and operation of the student activity rooms carries with it distinct responsibilities in both the proper operation and maintenance of a satisfactory decorum. If, in the opinion of the Dean of College Life, these privileges are abused, they may be revoked.
• All scheduling of outside activities sponsored by a College organization in the Commons/Campus Center should be approved by the Dean of College Life. Individuals seeking to utilize the Campus Center/Commons facilities for dances, plays, gym nights, meetings, concerts, art shows, etc., are required to consult with the Dean of College Life with respect to police protection, parking facilities, time limits, and chaperones.

Children on Campus
Children, especially those under 12 years of age, are not authorized on campus property at any time unless they are under the immediate supervision of a parent/guardian or enrolled in a special program being offered and supervised by the College. They are prohibited from entering the gymnasium and fitness center.

Pets on Campus
No pets, with the exception of certified service animals, are permitted on campus grounds or in campus buildings. If pets are required for a classroom assignment or a planned part of a special activity, authorization to have them on campus must be previously obtained from the Public Safety Office.

PHOTOS AND STUDENT NAMES
Union County College may, from time to time, arrange for the taking of photographs or videos on the various campuses, which it may legally do. Photos taken are the property of the College and individuals depicted therein are not entitled to compensation or to restrict publication.
