

COMMUNITY HEALTH LAW PROJECT

WE ARE HERE FOR YOU!

While New Jersey is in a state of lockdown and residents continue to practice social distancing due to the COVID-19 health crisis, the Community Health Law Project (CHLP) remains committed to providing quality legal and advocacy services to low-income individuals with disabilities throughout the State. All CHLP staff members are working remotely and are available to assist new and current clients. Staff members are checking phone and email messages regularly. If you are in need of our services, please call or email the CHLP office nearest you. A CHLP staff member will get back to you as soon as possible. Stay well!
