

March 16, 2020

Dear Students,

The situation in our community, our state, our nation, and our world continues to evolve. Please work with us as we try to navigate these uncharted waters.

This afternoon, Governor Murphy announced the closing of all New Jersey k-12 schools and the end to face-to-face instruction at our colleges and universities.

As of this morning, we began **remote instruction** for all of our classes. This is in effect until further notice. The College remains open at this time for limited access to support services for our students and instructional staff, i.e., libraries, tutoring in the ALC, advising, etc.

We are delivering tutoring and advising remotely via CANVAS.

Our focus at Union County College is to help get all of our students through the semester in the midst of this evolving situation.

Every employee of the College is dedicated to that goal.

Please follow CDC guidelines and check back to your email regularly.

I will update you again as I receive more information.

Thank you for your flexibility as we adapt in this extraordinary time.

Please take care of yourself.

Sincerely,

Dr. Margaret M. McMnamin

President
